To all flying clubs in Switzerland

Agno, 26th of April 2026

LUGANO - AGNO (LSZA) – FLY-IN 2026

Dear pilots, dear friends and general aviation enthusiasts.

The Aero Club Lugano, in collaboration with Lugano-Airport and ASPASI (Association of passengers and airports of Canton Ticino), invites **general sport aviation** to return south of the Alps and more precisely to Sottoceneri, in the beautiful Lugano region.

Following the cancellation of scheduled flights and other organizational changes that occurred in recent years, access by general aviation to Lugano, thanks also to simpler approach procedures, has now become much more practicable.

For this reason and to make the splendid Lugano region better known to all pilots, the Lugano Aero Club promotes a one-day FLY-IN on: **Saturday 30 May 2026** (in case of bad weather it will be recovered on Sunday 31 May 2026). The airport of Lugano is ready to welcome all pilots who want to visit the city and the beautiful region of Lake Ceresio.

We are therefore pleased to inform you that during the day of the Fly-In, landing fees and aircraft parking (possible overnight stay included) will be free.

Saturday Day

- After landing, a "Welcome" aperitif will be offered at the Caffè dell'Aeroporto
- From 09.30 – 17.00 on Saturday, it will be possible to go up in a hot air balloon up to 30 meters above the ground for free
- Free transportation will be provided on Saturday to:
  - Reach the Monte Brè funicular station (departure from the airport at 12:15, return from the funicular Ruvigliana at 14:45). The ride up and down is free. Guests are charged for the restaurant.
  - Visit Lugano city center (departure from the airport at 12:15, return from Lugano at 15:00)

Registration is mandatory by 25 May 2026: LINK

For any question write to: bruno.rezzonico@bluewin.ch

Waiting to be able to meet you in large numbers, please accept aeronautical greetings.
