

To all flying clubs in Switzerland

Agno, 1st of July 2023

**LUGANO - AGNO (LSZA) – FLY-IN 2023**

Dear pilots, dear friends and general aviation enthusiasts.

The Aero Club Lugano, in collaboration with Lugano-Airport and ASPASI (Association of passengers and airports of Canton Ticino), invites **general sport aviation** to return south of the Alps and more precisely to Sottoceneri, in the beautiful Lugano region.

Following the cancellation of scheduled flights and other organizational changes that occurred in recent years, access by general aviation to Lugano, thanks also to simpler approach procedures, has now become much more practicable.

For this reason and to make the splendid Lugano region better known to all pilots, the Lugano Aero Club promotes a three-day FLY-IN on: **Friday 25 August, Saturday 26 August and Sunday 27 August 2023**. The airport of Lugano is ready to welcome all pilots who want to visit the city and the beautiful region of Lake Ceresio.

We are therefore pleased to inform you that:

1. Landing fees and aircraft parking will be free during the 3 days of the Fly-in.
2. Lugano-Airport, upon request, will be available to reserve the hotel and also the taxi transport (actual costs to be paid by the pilots).
3. **Saturday 26 August will be the "Clou" day of the Fly-In:**
  - From 12:00 a free "Ticino" lunch will be offered with music in the hangar of the Aero Club Lugano
  - From 12:00 to 13:30 there will be a small demonstration with a drop of parachutists, a flight of jet-model aircraft and the landing of a group of paragliders.
  - Throughout the day it will be possible to ascend in a hot air balloon up to 30 meters above the ground
  - All Fly-In pilots are given the possibility of making a **local flight** which will allow the observation of 4 significant subjects of the region.
  - At the end of the flight, the three pilots who land closest after the runway threshold will be rewarded with a free overnight stay for Saturday night

**Registration is mandatory by 10 August 2023**

For any question write to: [bruno.rezzonico@bluewin.ch](mailto:bruno.rezzonico@bluewin.ch)

Waiting to be able to meet you in large numbers, please accept aeronautical greetings.

**Paolo Cassina**  
Presidente  
Aero Club Lugano

### **PROGRAM FLY-IN LUGANO (LSZA)**

- It takes place over 3 days: Friday 25, Saturday 26, Sunday 27 August 2023.
- Pilots participating in the Fly-in will be exempt from paying landing, parking and overnight fees.
- The pilot can ask Lugano-Airport ([melanie.rihs@luganoairport.ch](mailto:melanie.rihs@luganoairport.ch)) to book a hotel for himself and his guests.
- There is a free passenger transport service (pax shuttle) in the airport area.
- Fuel supply is available on the airport area for a fee.
- Saturday 26 August 2023, 10:00 – Briefing of the local flight in the Aero Club Lugano room (possibly also during the day on request). After the Briefing all the participating pilots will be able to perform the local flight to find the 4 subjects of particular interest in the Sottoceneri reported on 4 photographs distributed to each crew.
- Landing at the end of the local flight will be rewarded. The 3 pilots with the closest landings after the runway threshold will be able to stay overnight for free on Saturday night.
- Between 11:30 and 15:00 on Saturday 26 August, a lunch will be offered to members in the Hangar Aero Club Lugano (including soft drinks and ice cream). All will be enlivened by the Bandella di Bedano.
- Between 12:00 and 13:30 on Saturday 26 August there will be special events: Parachutists from Locarno, Jet flights/model airplanes from Lugano and Paragliders arriving from Monte Lema.
- Saturday 26 August 2023, after 18:00, the ride with the funicular to Monte San Salvatore is offered free of charge. The Vetta restaurant is open for a fee. For Fly-In guests there is the possibility to ride to the summit of Monte San Salvatore even during the 3 days.
